

CONTRACTOR GRADE SHOVELS

14 Gauge Shovels

- Round point and square blade options made from durable 14 gauge tempered steel with a powder coated finish
- Blades feature a secure step for solid foot placement and added digging force
- Handles are secured firmly to the blade with a metal collar
- Long wood handles are smooth and 48" in length
- D-grip shovels are braced with strong steel for comfort and added control
- Fiberglass handle is 48" in length and durable enough for numerous activities
