

***gatorback*® MORTAR PAN**

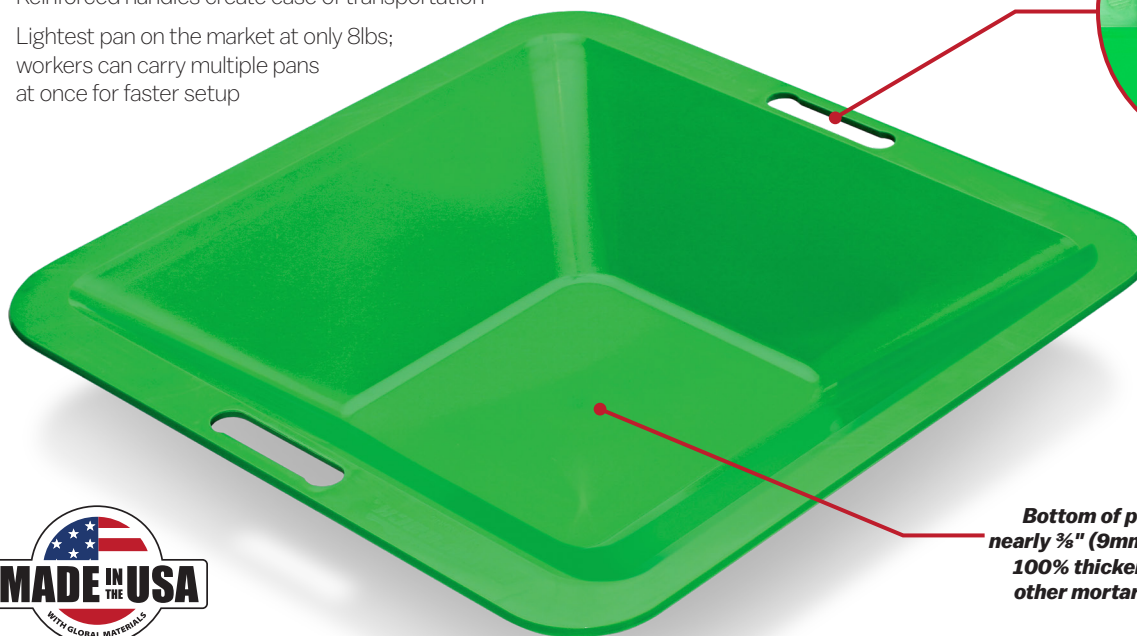

- Designed to easily hold and transport mortar, plaster, or stucco
- Durable, impact-resistant pan is nearly indestructible and will not dent or rust
- Engineered to carry up to 225 lbs or 1.75 cu ft of material with minimal flex
- Water and UV-resistant polymer plastic won't conduct heat or absorb water, helping your material retain moisture and extend workability
- Open faced design with 6" depth makes it easier for workers to efficiently remove material
- Reinforced handles create ease of transportation
- Lightest pan on the market at only 8lbs; workers can carry multiple pans at once for faster setup

29 3/4" x 29 3/4" x 6" size holds up to 1.75 cubic feet (225lbs) of material

Reinforced handles create ease of transportation

Bottom of pan is nearly 3/8" (9mm) thick, 100% thicker than other mortar pans
