

SUPERIOR GEN3

Pivot Tensioner
Locks head into desired angle

Pivot Rotation
Gear driven rotation for fluent motion

Gen3 Pro Tilt™

- Immediately turns concrete floats into vibrating floats
- Vibration from MagVibe unit helps settle the aggregate and bring the cream to the surface
- Increase productivity and minimize fatigue by letting the vibrations do the work
- Utilizes high frequency vibration at the float, not at the handle
- Three speeds for optimal vibration level
- 20 hours of operations time on a single full charge
- Water-resistant
- Built-in 24V Lithium Ion Battery
- Bolts onto traditional floats with the QAS™ quick attach system
- Easy to remove with tool-less innovation
- ***Gen3 MagVibe Package w/Pro Tilt™ (PKG-300MT)***:
