

# SAWTOOTH NOTCHED TROWEL

- Sawtooth notch pattern ensures superior coverage for large format tiles
- Tested as the best trowel for large format tiles with a minimum coverage of 95%
- Superior hold strength between the aluminum alloy Xtralite® mounting and hard tempered steel blade
- Ergonomic DuraSoft® handle is long-lasting, reduces fatigue, and increases user control

**Thru-Rivet**  
Mounting-to-blade connection produces the strongest, longest-lasting notched trowel on the market

**Unmatched Hardness**  
Blade quality provides unmatched wear resistance vs. the competition
