

# SHOCKWAVE E40V

## POWER SCREED

POWERED BY  
**Makita XGT**  
 MOTOR SYSTEM

### Flexible power options

Makita Motor Unit includes a cable-pass window for connecting to Makita backpack battery for extended runtime

- Engineered to match the vibration output and durability of the gas-powered Shockwave™ 2.0
- Powered by Makita® XGT® MOTOR SYSTEM - gas replacement without emissions
- Compatible with 170+ Makita® tools and chargers
- Up to 90 minutes of runtime, fast 75-minute recharge, LED battery status
- 9" hole spacing fits most competitor screed blades
- Less handle vibration vs. gas-powered units for smooth operation and reduced fatigue
- Does not sink into concrete at idle unlike gas-powered equivalents
- Has an adjustable handlebar and bolt-on kickstand
- **SWE40V**: bare unit only- battery and charger not included, blade sold separately
- **SWE40V-1B**: includes unit, 1 battery and 1 charger, blade sold separately
- **SWE40V-2B**: includes unit, 2 batteries and 1 charger, blade sold separately
- Additional Makita® XGT® 40V max 8.0Ah Battery and Makita® XGT® 40V max Rapid Optimum Charger available
- 3-year Makita® Motor and Battery Warranty

Less handle vibration vs. gas-powered units

**3**  
 YEAR  
**WARRANTY**  
 XGT LITHIUM-ION  
**MOTOR & BATTERY**

Compatible with most competitor screed boards
