

MARSHALL T. TROWEL AND FAMILY CHILDREN'S BOOK - TILE, VINYL, AND CARPET

The fourth installment of the Marshall T. Trowel series focuses on Marshall T. Trowel and his family of tools as they work together to replace the flooring at Thompson's Hardware Store after a devastating EF-3 tornado swept through the Marshalltown, Iowa community in 2018. In this story, a tool is teased for looking different from the others but learns to be proud of who she is. While reading this book, children learn how important it is to always be confident in themselves and to know it doesn't matter what others say or think about them.
