

Roller Screed

Roller Screed

- Perfect for pervious concrete, angled slabs or any standard form-to-form pour
- Quiet, electric motor allows screed to be used indoors
- Aluminum tube sizing available in 4' - 12' (1.2M - 3.7M) lengths, in 1' (0.3M) increments and 14' - 28' (4.3M - 8.5M) lengths in 2' (0.6M) increments
- Roller tubes longer than 22' (6.7M) require a double-headed motor configuration for straight slabs
- A roller tube up to 28' can be used with one motor if a center pivot assembly is being used
- Lightweight design
- 10 amp, 120V electric motor with reverse switch capability
- Roller Screed assembly (RS14) includes:
 - Lag end plug
 - Power head end plug
 - Lag end handle
 - Power head end handle w/motor
 - Chuck key and clevis pin
 - Universal joint
- Second power head assembly includes:
 - Power head end handle w/motor
- Center pivot assembly fits in a 3/4" pipe and is adjusted with the shaft collar
- Sold 1 per inner pack/1 per outer pack
