

# LOW RISE BRICK TROWELS

- Ideal for masons who are accustomed to a lower lift
- DuraSoft® handle has a 102° angle compared to the standard 110° handle angle
- Ergonomic handle provides a comfortable position for your hand and wrist
- Forged from a single piece of high carbon steel, then heat treated for strength and durability
- Blade is taper ground and polished
- Impact area is strong
- Choose a London, Philadelphia, or Wide London blade pattern

**Low rise handle is more ergonomic**
