

DALLUGE SERIES 16 OZ TITANIUM HAMMERS

- Specialized hammer with a straighter claw ideal for framing and structural work, demolition, and installing roofing materials
- Lightweight, precision-cast, one-piece titanium head is corrosion-resistant
- Faster, surer swings with less effort
- Overstrike guard protects the handle from missed or hard strikes
- American hickory handle provides a comfortable grip, absorbs shock, and has less shock recoil to reduce strain
- Choose a smooth or milled face; the milled face grips the nail heads and reduces slippage

Milled or Smooth Face Options

**NaiLoc™
Magnetic Nail Holder**

**Sidewinder™ Nail Puller provides extra
leverage for removing nails without damage**
