

# DALLUGE SERIES 14 OZ TITANIUM HAMMERS

- Professional hammers ideal for framing and structural work, demolition, and roof installation
- Faster, surer swings for more powerful nail driving
- Lightweight, precision-cast titanium heads weigh 14 oz and are corrosion-resistant
- American hickory handle provides a comfortable grip, absorbs shock, and has less shock recoil to reduce strain; choose a straight or curved handle
- Fiberglass handle is ideal for extreme or changing weather conditions
- Milled face grips nail heads and reduces slippage

**NaiLoc™**  
**Magnetic Nail Holder**
